

Dear Coach,

This season our regions will be piloting a new program designed to improve the quality of coaching and enhance the overall experience of every player, parent, and coach in the AYSO system. The new CATZ-AYSO Team Training Site will provide you with a complete practice plan for the Fall season and video demonstrations on how to deliver the exercises, drills, and scrimmages. AYSO has teamed with CATZ Sports Performance Centers and former US National Team Player Greg Vanney to deliver a comprehensive, on-line, easy-to-use training tool to assist you throughout the season.

The Team Training Site also provides you with a communication tool that allows you to post photos, create blogs, and schedule your games and practices with links to Google Maps.

For a brief introduction to the Team Training Site, [click here](#).

Using this new tool is simple. All you need to do is click on this link below and follow the directions.

<http://www.catzsports.com/ayso/register>

Temporary Login

Username: ayso

Password: coach

The link will allow you to register your team and provide you with an email that you can forward on to your parents and players inviting them to join your team's new website.

Registering for the site is all you need to do to get access to the practice plans and video. After your players join the website, you can use the site to manage all communication with your team.

We want your feedback! Please use the system throughout the season and be prepared to complete a couple of questionnaires that will be sent out during the pilot. The goal of AYSO is to make the soccer experience great for everyone and we believe this new tool is a vital step in that direction.

If you have any questions, please call the CATZ Help Desk at the following number (617) 686-0908.

Thank you for participating in this pilot. We are very excited about our new partnership.
